Teacher Compensation Checklist

Business Academy Group Learning · Teacher Compensation · March 2027

Key takeaways

1. **Think total compensation.** Pay, benefits, time, growth, and working conditions all count.
2. **Turnover costs more than you think.** Keeping good teachers usually saves money.
3. **Test before you promise.** Use the Budgeting Tool to price a raise first.
4. **Make pay fair and clear.** A simple pay scale helps with hiring, raises, and budgeting.
5. **Pay yourself too.** A sustainable program includes a fair wage for the owner.

This month

- ☐ Total compensation listed for every role
- ☐ Turnover cost estimated
- ☐ One raise or benefit tested in the Budgeting Tool
- ☐ One compensation step chosen

Every year

- ☐ Compare pay to local options
- ☐ Review the pay scale
- ☐ Budget for planned raises
- ☐ Ask staff what matters most to them

Ongoing

- ☐ Recognize staff regularly
- ☐ Protect paid planning time
- ☐ Look for outside funding and shared services

My notes

Cost of my last turnover: _____

Raise or benefit I tested: _____

My next step: _____
