Key takeaways

1. **Put it in writing.** Every family and vendor relationship should have a signed agreement.
2. **Read the fine print.** Look for cost increases, auto-renewals, and cancellation fees.
3. **Track the dates.** Renewal and cancellation deadlines belong on your calendar.
4. **Keep copies organized.** One folder or tracker for all your agreements.
5. **Get help for big decisions.** Have leases and loans reviewed before signing.
